Reading Comprehension Worksheet and Children's Story

The Bee Bees live in a house that is called a hive. There are three kinds of bees: workers, drones, and queens. Only one queen bee can live in each hive. If she is lost or dead, the other bees will stop their work. Bees are very wise and busy little creatures. They all join together to build cells of wax for their honey.

How to Requeen a Honey Bee Hive The Spruce

For this hive, there was a living but poorly-laying queen bee who had to be removed from the beehive. Though you can keep her alive for a while in case the other queen doesn't take or use her to split off another hive, most beekeepers kill queens that they remove.. If your queen isn't marked, look for the circle of workers that surround the queen.
