House of Darkness House of Light The True Story Volume

I've just finished House of Darkness House of Light by Andrea Perron. It's a memoir written by one of the daughters who lived for 10 years in a farmhouse in Rhode Island that was haunted. It was the basis of the horror movie The Conjuring, and frankly that plot seems to have been only loosely based on what happened.

Managing to bring out scenes of ghostly shadows playing across the walls behind people or seeing them mumble around the house in dazed bewilderment have a far greater impact due to the setup of the house. The other big plus here is the incredibly dark and twisted story this one attempts to utilize that pops up in the second half.
