Impeller Replacements Pondmaster Mag Drive

Model #'s such as 9.5 without a letter or with an "A" means its a first generation pump. If it has a "B" after the model it is 2nd generation. This is very important since the impellers are not cross compatible. The only models that are in 2nd generation are 9.5B, 12B, 18B. Otherwise the pumps will probably all just be specified without a letter.
